

CHAPTER 4

RIGHTS AND OBLIGATIONS OF THE UNITS PRESENTING THE STATISTICAL INFORMATION

Article 19. Rights of Units Presenting the Statistical Information

The units presenting the state statistical information have the right:

to receive the forms of statistical reports and instructions from the body implementing the state statistics free of charge;

to receive the initial self-related data from the databank of the body implementing the state statistics.

Article 20. Obligations of the Units Presenting the Statistical Information

The units presenting the state statistical information are obliged:

to present the necessary statistical data and information for the implementation of Program according to the established order and terms by the Program;

to execute the instructions related to the state statistics and accounting given by the body implementing statistics.

The units presenting the statistical information complete and present the statistical reports (questionnaire and other) independently, if there is no another order established by the Council.
