## THANK YOU FOR PARTICIPATION

### Rules for filling in the Diary

1. It is kindly asked to fill in the diary on daily basis.
2. The Diary should comprise the information on those commodities, which are used in the households. Those commodities, which are used in entrepreneurship or agricultural enterprises, should not be registered in the diary.
3. The information on the expenditures and income should concern all the members of the household.
4. All types of procured food products should be recorded in Table X.1 every day. In Table X.2 all types of the consumed food products shall be recorded, independent of the fact whether the goods were procured, produced in the farms or received free of charge. In Tables X.1 and X.2 all food products except eggs should be given in “kg” or “liters” (e.g. bread, fish, beverages, confectionery, etc). The measurement unit for eggs should be in “pieces”.
5. In Table X.3 the information on the consumption of food in restaurants, cafes, and other public catering places should be included.
6. The costs of all chargeable services and procured industrial goods should be mentioned in Table X.4, the quantity of tobacco should be mentioned in boxes.
7. The information on any non-food product or service received free of charge should be given in Table X.5, including its cost.
8. The information for Table Y.1 should be recorded on the day the income was received.
9. Those types of the food products that are daily consumed in little quantities (salt, pepper, coffee, etc.) should be recorded by the end of the surveyed month in table Z.2.
10. The rarely procured commodities (furniture, television, etc.) should be recorded by the end of the surveyed month in Table Z.3.
11. **For the Interviewer:** It is required to fill in the Table Z.4 by the end of the surveyed month for the quantity of days that the members of the households were absent.
