Statistical handbook

Yerevan - 2021
In today’s world, which is characterized by the information variety and intensity of informational flows, the possible “combination” of three participants of official statistics such as respondents, users and taxpayers, “occupying the angles of statistical triangle” have different dispositions, is of great importance, especially from viewpoint of perception requirements (communication skills levelling) at national and international levels.

The Statistical Committee (Armstat) would like to thank all the respondents who have provided information for this statistical publication and, from the above mentioned considerations, welcomes any comments and suggestions from the respondents and taxpayers, as statistical users, for future developments of statistical publication.

You are kindly requested to provide your comments and suggestions to the Statistical Information Dissemination Division of Statistical Committee of RA concerning the future development of the publications.
