

CHAPTER 5

RESPONSIBILITIES FOR VIOLATION OF THE LAW ON STATE STATISTICS

Article 21. Responsibilities of the Units Presenting the Statistical Information and Officials of the Body Implementing the State Statistics

The violation of the Law on State Statistics by the units presenting the statistical information, as well as by the officials of the body implementing the state statistics are called to administrative or criminal responsibility according to the order determined by the Law.

In case of non-presentation of the necessary statistical reports for the observations within the determined terms the written notice is given during the 15 days. For delay of presentation of the reports on more than one month from the determined term and non-presentation of the report within the 15 days after the presentation of the written notice or presentation (despite the term) with violation of the determined order (not reliable data, their reflection not in full volume and other misrepresentation) the units presenting the statistical reports are called to responsibility according to the order determined by the Law.

Activities of the officials of the body implementing the State Statistics shall be appealed by order determined by the Law.

The appellation of the activities of the officials of the body implementing the state statistics related to the imposing of administrative penalty is implemented according to the legislation of the Republic of Armenia on administrative offences.
